MARY'S MEALS SCHOOLS AWARD: TEACHER'S GUIDE

WELCOME TO THE MARY'S MEALS SCHOOLS AWARD!

We're excited to invite your school to join us in making a real difference to some of the world's poorest children. By participating in the Mary's Meals Schools Award, your school will play an active role in supporting our mission to provide life-changing school meals to children in need, while inspiring students to engage with global issues and take action.

WHY TAKE PART?

By participating in the Mary's Meals Schools Award, your school becomes part of a global movement that is helping children access food and education. You will inspire your students to think globally, act locally, and understand the difference lots of acts of kindness can make to children in some of the world's poorest communities.

HOW THE SCHOOLS AWARD WORKS

The Mary's Meals Schools Award is built around three key pillars: **Commitment**, **Action**, and **Impact**. These pillars will guide your school as you work toward one of three levels of recognition: **Bronze**, **Silver**, or **Gold**.

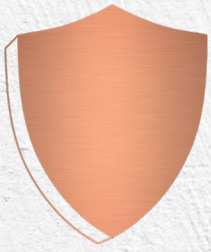

To achieve an award, schools must:

- Complete the **essential activity** for each pillar for your chosen award level **(3 total)**
- Select and complete **two additional activities** from each pillar from the options in the provided list **(6 total)**
- Submit your work by filling out a simple table, adding a brief description of your activities, attaching photographic evidence of each activity, and sending it to your designated Mary's Meals contact

Your journey through the award is designed to be flexible and achievable, offering options that allow your school to integrate Mary's Meals into the areas where you excel, while encouraging students to learn, lead, and make a meaningful impact.
